Hi Rick,
Wow you are an early bird. I have a 7AM conference call tomorrow for IUPAC. I could give you a call between 6:30 and 6:40 for a short chat. What number should I call?
Thanks,
Laura

Laura—

Thanks for your note. I'm in meetings for the rest of the day. I typically get to the office around 6:15am. My first meeting tomorrow is at 7:30am, and then I go straight through 5pm tomorrow. If you are able to call before 7:30am, I'd definitely have time for a chat.

Hi Rick,
I was wondering if you had a couple of minutes to talk? I have an idea for a "launch event" for the Center of Excellence and I wanted to get your input.
Best regards,
Laura

Laura, I put some minor comments in the attached document.

I would like to help with some actions you need completing before the next meeting, just let me know if there's anything I can do

Many thanks

Claire

Subject: Draft Minutes from Steering Committee - Workgroup on Innovation and Regulation in Agriculture

Dear Colleagues,

Thank you all for your time and creative efforts during our meeting last week. Based on my notes and earlier messages sent out from Sally and Claire, I have drafted a "minutes" document for the record. Please review and add any other items that I missed or were recorded incorrectly, preferably by the end of this week. Action items that I identified were:

- Rick Keigwin (and I think Sally Schneider) agreed to see what topics colleagues would like to see included in the regulatory course.
- Laura to schedule follow-up on-line discussion in approximately 6 weeks. Will send out Doodle Poll.
- David with Laura and Alan to follow up with Steve Lommel on further developing a proposal for COE.
- Members to submit ideas on previous collaborations which have made a difference.

Once I get some potential dates from Alan and Iain, I will send out a doodle poll soon to see if we can find a date for a follow-up discussion.

Best regards,

Laura
